

Beerline

Pipeline cleaner

- Highly effective non tainting beer pipeline cleaner.
- Formulated using a concentrated blend of alkali & hypochlorite.
- Rapidly removes yeast, protein & residue from the dispensing system.
- Suitable for use through the traditional hand pump system or pressurised keg beer lines.
- Will not damage pipeline or components.
- For use with cold water.
- Effective in soft, medium or hard water conditions.
- Pack size: 2 x 5 litre. Order code: A005EEV2

HOW TO USE

PIPELINE CLEANING:

Dilute 1:80 parts cold water (60ml per 5lt)

Disconnect line from the beer supply.

Drain beer from system.

Draw solution into pipeline until it is detected at the tap & leave for 10 minutes.

Draw a fresh solution into the system & leave for a further 10 minutes.

Flush out the solution & rinse the line thoroughly with clean water until the emerging water is perfectly clean before re-connecting the beer supply.

Sample beer before selling.
