

The Europa can be fitted with a number of different attachments to carry out a range of different cleaning tasks. Fit the tank to the standard speed machine for scrubbing and stripping or the exhauster for wooden floor sanding. The exhauster can also be fitted to the Super High speed model for vacuumated polishing whilst the tank can be fitted for bonnet mopping.

# A range of different options

The Europa is a 17" (450 mm) machine available in 200, 300 or 400 rpm.

## Heavy weight for mark removal

Weighing in at a formidable 38 kg, the Europa gives excellent mark removal capability. Perfect for area's where scuff marks are a problem.

#### Use the Europa range for even more tasks

The Europa machines can be used for scrubbing, bonnet mopping of carpets and hard floors, spray cleaning, polishing and wooden floor sanding.

# Europa

Choice of Speeds to Suit your Needs

The Victor Europa provides excellent mark removal capability at either speed. The full range of attachments make the Europa machines capable of just about any floor cleaning task.
