

SAFETY DATA SHEET SEARCH NON BIO LAUNDRY POWDER

1.1. Product identifier

Product name

SEARCH NON BIO LAUNDRY POWDER

Product number C025 EV

Internal identification Janitorial

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses

Powdered detergent for Laundry industry

1.3. Details of the supplier of the safety data sheet

Supplier

Evans Vanodine International Brierley Road Walton Summit Preston. UK. PR5 8AH Tel: 01772 322 200 Fax: 01772 626 000 qclab@evansvanodine.co.uk

1.4. Emergency telephone number

Emergency telephone

New Safety Data Sheets - 8.30am to 4.45pm - 01772 322 200 - Mon to Fri. (Also available 24/7 from our website www.evansvanodine.co.uk) Technical Advice - 8.30am to 4.45pm - 01772 318 818 - Mon to Fri

SECTION 2: Hazards identification

Classification (EC 1272/20	08)
Physical hazards	Not Classified
Health hazards	Eye Irrit. 2 - H319
Environmental hazards	Not Classified
2.2. Label elements	

Pictogram

Signal word Warning

Hazard statements H319 Causes serious eye irritation.

P264 Wash skin thoroughly aft P305+P351+P338 IF IN EYES contact lenses, if present and e	ed, have product container or label at hand. er handling. : Rinse cautiously with water for several minutes. Remove easy to do. Continue rinsing. sists: Get medical advice/ attention.
--	---

2.3. Other hazards

This product does not contain any substances classified as PBT or vPvB.

SECTION 3: Composition/information on ingredients		
3.2. Mixtures		
SODIUM CARBONATE		25-30%
CAS number: 497-19-8	EC number: 207-838-8	
Classification		
Eye Irrit. 2 - H319		
SODIUM PERBORATE TETRAH	YDRATE	10-15%
CAS number: 10486-00-7		
Classification		
Eye Irrit. 2 - H319		
SODIUM DISILICATE		0.1-1%
CAS number: 1344-09-8		
Classification		
Skin Irrit. 2 - H315		
Eye Dam. 1 - H318		
STOT SE 3 - H335		
ALKYL BENZENE SULPHONIC	ACID, Na-SALT	0.1-1%
CAS number: 85117-50-6	EC number: 285-600-2	
Classification		
Acute Tox. 4 - H302		
Skin Irrit. 2 - H315		
Eye Dam. 1 - H318		

C12-15 ALCOHOL ETHOXYLATE (7EO)

CAS number: 68131-39-5

M factor (Acute) = 1

Classification Acute Tox. 4 - H302 Eye Dam. 1 - H318 Aquatic Acute 1 - H400		
The Full Text for all R-Phrases	The Full Text for all R-Phrases and Hazard Statements are Displayed in Section 16.	
SECTION 4: First aid measure	98	
4.1. Description of first aid measures		
Inhalation	Move affected person to fresh air at once. Get medical attention if any discomfort continues.	
Ingestion	Do not induce vomiting. Give plenty of water to drink. Get medical attention if any discomfort continues.	
Skin contact	Wash with plenty of water.	
Eye contact	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.	
4.2. Most important symptoms and effects, both acute and delayed		
General information	The severity of the symptoms described will vary dependent on the concentration and the length of exposure.	
Inhalation	No specific symptoms known.	
Ingestion	No specific symptoms known. But - May cause discomfort if swallowed.	
Skin contact	No specific symptoms known. But prolonged or excessively repeated skin contact could lead to removal of natural oils from skin.	
Eye contact	May cause temporary eye irritation. Prolonged contact may cause redness and/or tearing.	
4.3. Indication of any immediate medical attention and special treatment needed		
Notes for the doctor	Treat symptomatically.	
SECTION 5: Firefighting measures		
5.1. Extinguishing media		
Suitable extinguishing media	The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.	
5.2. Special hazards arising from the substance or mixture		
Specific hazards	Thermal decomposition or combustion products may include the following substances: Irritating gases or vapours.	
5.3. Advice for firefighters		
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.	
SECTION 6: Accidental release measures		
6.1 Personal precautions, protective equipment and emergency procedures		

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions Avoid contact with eyes. Avoid inhalation of dust. For personal protection, see Section 8.

0.1-1%

6.2. Environmental precautions

Environmental precautions Spillages or uncontrolled discharges into watercourses must be reported immediately to the Environmental Agency or other appropriate regulatory body.

6.3. Methods and material for containment and cleaning up

Methods for cleaning upSmall Spillages: Flush away spillage with plenty of water. Large Spillages: Collect powder
using special dust vacuum cleaner with particle filter or carefully sweep into suitable waste
disposal containers and seal securely.

6.4. Reference to other sections

Melting point

Reference to other sections	For personal protection, see Section 8.
	· ·
SECTION 7: Handling and sto	-
7.1. Precautions for safe hand	lling
Usage precautions	Avoid contact with eyes. Avoid inhalation of dust.
7.2. Conditions for safe storage, including any incompatibilities	
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place.
7.3. Specific end use(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
Usage description	See Product Information Sheet & Label for detailed use of this product.
SECTION 8: Exposure Contro	Is/personal protection
8.1. Control parameters	
Occupational exposure limits	
SODIUM CARBONATE	
Long-term exposure limit (8-h	, -
WEL = Workplace Exposure L	imit
WEL = Workplace Exposure L 8.2. Exposure controls	imit
	imit Use mechanical ventilation if there is a risk of handling causing formation of airborne dust.
8.2. Exposure controls Appropriate engineering	
8.2. Exposure controls Appropriate engineering controls	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust.
8.2. Exposure controls Appropriate engineering controls Eye/face protection	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use
 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body 	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves.
 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection 	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required.
 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection 	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required.
8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection SECTION 9: Physical and Che	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required.
 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection SECTION 9: Physical and Characteristics 9.1. Information on basic physical 	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required during normal use. Respiratory protection not required.
 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection SECTION 9: Physical and Charge 9.1. Information on basic physical appearance 	Use mechanical ventilation if there is a risk of handling causing formation of airborne dust. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required. emical Properties Found chemical properties Powder.

Not applicable.

Initial boiling point and range	Not applicable.
Flash point	Not applicable.
Relative density	Not applicable.
Solubility(ies)	Soluble in water.
9.2. Other information	
Other information	None.
SECTION 10: Stability and rea	activity
10.1. Reactivity	
Reactivity	There are no known reactivity hazards associated with this product. The product will harden into a solid mass in contact with water and moisture.
10.2. Chemical stability	
Stability	No particular stability concerns.
10.3. Possibility of hazardous	reactions
Possibility of hazardous reactions	See sections 10.1,10.4 & 10.5
10.4. Conditions to avoid	
Conditions to avoid	There are no known conditions that are likely to result in a hazardous situation.
10.5. Incompatible materials	
Materials to avoid	Strong acids. Aluminium, Tin, Zinc and their alloys.
10.6. Hazardous decomposition products	
Herendeus desemposition	No known bezerdeue decomposition producto
Hazardous decomposition products	No known hazardous decomposition products.

We have not carried out any Aquatic testing, therefore we have no Aquatic Toxicity Data specifically for this product. The Aquatic Toxicity Data, where provided by the raw material manufacturer for ingredients with aquatic toxicity, can be made available on request. ability This product, at use dilutions, is readily broken down in biological effluent treatment plants.

12.4. Mobility in soil Mobility Not known. 12.5. Results of PBT and vPvB assessment Results of PBT and vPvB This product does not contain any substances classified as PBT or vPvB. assessment 12.6. Other adverse effects Other adverse effects Not known. SECTION 13: Disposal considerations 13.1. Waste treatment methods **Disposal methods** Discharge used solutions to drain. Small amounts (less than 5 Litres) of unwanted product may be flushed with water to sewer. Larger volumes must be sent for disposal by approved waste contractor. Consign empty container to normal waste. SECTION 14: Transport information General Not classified for Transport. 14.1. UN number 14.2. UN proper shipping name 14.3. Transport hazard class(es) 14.4. Packing group 14.5. Environmental hazards 14.6. Special precautions for user 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code SECTION 15: Regulatory information 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture **EU** legislation Safety Data Sheet prepared in accordance with REACH Commission Regulation (EU) No 2015/830 (which amends Regulation (EC) No 453/2010 & 1907/2006). The product is as classified under GHS/CLP- Regulation (EC) No 1272/2008 classification, labelling & packaging of substances & mixtures. Ingredients are listed with classification under GHS/CLP - Regulation (EC) No 1272/2008 classification, labelling & packaging of substances & mixtures. 15.2. Chemical safety assessment No chemical safety assessment has been carried out as not applicable as this product is a mixture. **SECTION 16: Other information**

Abbreviations and acronyms	PBT: Persistent, Bioaccumulative and Toxic substance.	
used in the safety data sheet	vPvB: Very Persistent and Very Bioaccumulative.	
	ATE: Acute Toxicity Estimate.
